Foil shaver SH1610

ELECTRIC SHAVERS

The exceptionally ergonomic SH1610 foil shaver has been designed to fit your hand optimally. The appliance features a triple cutting system and a patented, laser-sharpened "Sharpened Edge Blades" system. The shaver has been designed for wet and dry shaving.

BENEFITS

The triple cutting system is an advanced system consisting of 2 foils and an inner blade

"Sharpe Edged Blades" allow you to cut hairs with a single stroke

Short charging time

The possibility of dry and wet shaving for example with foam

Mains and battery supply for wireless and wired operation

Replacement part
